

VitalMED Hits MD&M East in NYC with a New Presence

Hill & Partners, Inc (H&P) brought VitalMED and their new custom exhibit property to MD&M East in NYC this month. VitalMED is a leading supplier of medical product design and development services, with an extensive range of plastic OEM Medical components, subassemblies and manufacturing capabilities.

Anthony Caronia, Manager of Sales and Customer Support, was thrilled with the project outcome, "Everything went great at the show... lots of compliments regarding our new booth!" Anthony was intrigued by the prospect of working with H&P, but the experience exceeded his expectations. "Thanks to all of your team at H&P ...we appreciate your efforts and look forward to working with you at the next show."

Mark Holme, creative director at H&P, designed a versatile linear solution that provides a strong focus on brand without sacrificing product display opportunities. The 20' exhibit frame and two display cases fit in a single crate, answering the low-cost shipping and drayage initiative set forth by the VitalMED team. The structure has been designed to expand to a larger exhibit as VitalMED's needs grow for future shows.

Hill & Partners, Inc. is a full service tradeshow exhibit design company specializing in three-dimensional marketing solutions. Recently named one of the Boston area's fastest growing companies by the Boston Business Journal, H&P is pleased to work with a variety of clients across many industries providing custom solutions for any challenge. Satisfied customers include: Candela Laser, Mountain Hardwear, Microwave Radio and GTECH Corporation. Hill & Partners is headquartered at 124 Old Colony Avenue Quincy, MA 02170.
